

Dreaming big is in our DNA. It's who we are as a company. It's our culture. It's our heritage. And more than ever, it's our future. A future where we're always looking forward. Always serving up new ways to meet life's moments. A future where we keep dreaming bigger. We look for people with passion, talent, and curiosity, and provide them with the teammates, resources and opportunities to unleash their full potential. The power we create together – when we combine your strengths with ours – is unstoppable. Are you ready to join a team that dreams as big as you do?

The **key purpose** of this role is to load, unload and stack materials safely and to standard whilst maintaining our governance and customer service standards

Fleet maintenance

- To ensure the vehicle is always maintained in good running order by observing maintenance schedule and filling pre-inspection form prior to every trip
- Ensure that the forklift is operated and maintained in optimal condition
- Ensure that fuel and fluids are at acceptable operating levels Full implementation and adherence to VPO and DPO protocols

Adherence to health, safety and environmental standards

- To ensure that company and legal stacking regulations are adhered to
